# For Twinning - always use

The screenshot shows the 'European Neighbourhood Policy And Enlargement Negotiations' website. The main content area is titled 'Twinning' and includes the following text:

**Twinning**

Twinning is a European Union instrument for institutional cooperation between Public Administrations of EU Member States and of beneficiary or partner countries.

Twinning projects bring together public sector expertise from EU Member States and beneficiary countries with the aim of achieving concrete mandatory operational results through peer to peer activities.

**Beneficiaries**

- Instrument for Pre-accession Assistance (IPA):  
Albania, Bosnia and Herzegovina, Croatia [1], the former Yugoslav Republic of Macedonia, Kosovo\*[2], Montenegro, Serbia and Turkey.
- European Neighbourhood Policy (ENP):
  - ENI South: Algeria, Egypt, Israel, Jordan, Lebanon, Morocco, Palestine\* and Tunisia.
  - ENI East: Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine.

**Objectives**

In the IPA region, Twinning aims to provide support for the transposition, implementation and enforcement of the EU legislation (the Union acquis). It builds up capacities of beneficiary countries' public administrations throughout the accession process, resulting in progressive, positive developments in the region. Twinning strives to share good practices developed within the EU with beneficiary public administrations and to foster long-term relationships between administrations of existing and future EU countries.
